

**Notification of Closure**

**Gavin Generating Station**

**Stingy Run Fly Ash Pond**

**[40 CFR § 257.102(h)]**

The Stingy Run Fly Ash Pond (also known as the Fly Ash Reservoir) located at the Gavin Generating Station in Cheshire, Ohio has completed closure. Closure in place was achieved through drainage and stabilization of the impounded materials and installation of a final cover system with a series of channels for surface water management. Closure activities were performed in accordance with the Sting Run Fly Ash Pond Closure Plan, which was prepared and placed in the publically available CCR web site per the requirements of 40 CFR § 257.102(b) and 40 CFR § 257.107(i).

**Closure Certification**

**Gavin Generating Station**

**Stingy Run Fly Ash Pond**

**[40 CFR § 257.102(f)(3)]**

I, Mohammad S. Finy, being a Registered Professional Engineer in good standing in the State of Ohio, do hereby certify, to the best of my knowledge, information, and belief that the information contained in this certification has been prepared in accordance with the accepted practice of engineering. I certify that the closure of the Stingy Run Fly Ash Pond at the Gavin Generating Station meets the requirements of the written Closure Plan specified in 40 CFR § 257.102(b) and the closure performance standards of 40 CFR § 257.102(d).
