

UPDATED GROUNDWATER MONITORING SYSTEM CERTIFICATION

Gavin Fly Ash Reservoir and Residual Waste Landfill

40 CFR 257.91

This document supersedes the 2016 Monitoring Well Network Certifications for the Residual Waste Landfill and the Fly Ash Reservoir.

I hereby certify that I am familiar with the provisions of the CCR Rule and that I or an agent under my review has prepared a Multiunit Groundwater Monitoring System Evaluation for the Gavin Fly Ash Reservoir and Residual Waste Landfill. I attest that the groundwater monitoring system has been designed and constructed to meet the requirements of 40 CFR 257.91. To the best of my knowledge, the information contained in the Multiunit Groundwater Monitoring System Evaluation for the Gavin Fly Ash Reservoir and Residual Waste Landfill is true, complete and accurate.
